## ROLLFIX VARIO CORNER BEAD **Solid** Baustoffe

<b>Item number:</b>	<b>1109-025</b>
<b>Plaster thickness:</b>	3 mm
<b>Square dimension:</b>	100 x 100 mm
<b>PVC angle:</b>	25 x 25 mm

<b>Packaging unit:</b>	<b>Rolls/box</b>	<b>RM/box</b>
Rolls	1	25

### Flexible corner bead with glass fibre mesh on a roll.

- For all types of outer angles - variable using from 45° - 150°
- Reinforcement - stabilization of corners, edges, window and door cases
- Chemically stable, no reaction with the plaster
- Aesthetics - perfectly straight finishes
- Corner profiles with fabric cover over corner areas in optimum way
- The profile is delivered in rolls, so easy to connect profiles

### Recommendation:

In case of profiles connecting requirement the connection must be covered by glass fibre mesh.

### Storage:

The profiles need to be stored in a dry place.

The information, and, in particular, the recommendations relating to the application and end-use of SMET distributed products, are given in good faith based on SMET's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with the manufacturer's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. The manufacturer reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
